## ST. PATRICK TEA A BRILLIANT AFFAIR

Quite the most brilliant of the many St. Patrick affairs given this week was held on Tuesday in the dining room of the Domestic Science department of the Ogden high school with Mesdames Archie Bowman and Albert E. Weatherby as hostesses. About forty guests were present and enjoyed a delightfully prepared St. Patrick tea, prepared and served under the direction of Miss Bowman, instructor in domestic science.

Unique and tastefully arranged decorations were carried out in green and white. Potted plants, ferns and tall vases containing white carnations and roses with sprays of smilax and maiden hair fern intertwined were effectively placed about the room lending beauty and fragrance. Two long tables were perfectly set and central decorative pieces were French baskets of white roses and carnations with smilax and ferns. At each end of the tables green vases of the flowers, around which were wound green snakes, had been placed, while at intervals on the linen, shamrocks, green flags and miniature green pipes and hats, emblematic of St. Patrick's day, were effectively placed. A pretty feature were the napkins at each place, attached to which were tiny green hats and pipes alternating. Appropriate place cards and favors in true St. Patrick style were other features of the table decoration.

During the luncheon several piano and violin selections were given by the Misses Beatrice Hamill and Louise Pierce.

The following menu was nicely served by the Misses Ruth Douglas, Daisy Rolapp, June Scowcroft, Cleone Rich and Juanita Ballantyne, students in the domestic science department:

"Yours from the old sod  
"Mr. and Mrs. Alfred Rutherglen."  
A jolly time was spent at various amusements characteristic of the day until a late hour, when the guests were escorted to the dining room, where a delicious and most temptingly prepared supper awaited them. Table decorations were effectively carried out with numerous Irish, Scotch and American flags interspersed with no small amount of shamrocks, Irish potatoes, lakes of Killarney and Irish jaunting cards.

After each guest had kissed the Blarney stone, all departed for their homes expressing their pleasure at having spent a delightful evening and their sorrow for the fact that St. Patrick's day comes only once a year.

**MISS KIESEL LEAVES.**  
Yesterday, Miss Minnie Kiesel left for New York City, where she will spend a few days prior to sailing on April 3 from Boston to Europe with the Rich party.

**"ROBIN HOOD"  
BIG OPERA COMING**

The next attraction will be The de Koven Opera company in an ambitious production of "Robin Hood." This is the company, organized by Reginald de Koven, the composer and Daniel V. Arthur, the manager, for the purpose of restoring the glories of English light opera, and giving a jaded public more and better music than is afforded in the modern musical comedy.

The principals were recruited from the grand opera houses of Europe and America, and a revival of "Robin Hood" was made at the New Amsterdam theatre in New York last season, where it ran for six months to capacity houses, was then transferred to the Knickerbocker theatre for another run and subsequently toured the country to enthusiastic welcome.

Heading the company is Bessie Abbott, dramatic soprano from the Grand Opera, Paris, who sang Maid Marion all last season. Another valuable member from last season is George B. Frothingham, the last of the original Bostonians, who will be seen in his favorite role of Friar Tuck. Others in the company are Jerome Daley, Henriette Wahfield, Ralph Brainard, James Stevens, Helma Morrill, Tillie Salinger, Phil Branson, Sid. Braham and Lorena Carman.

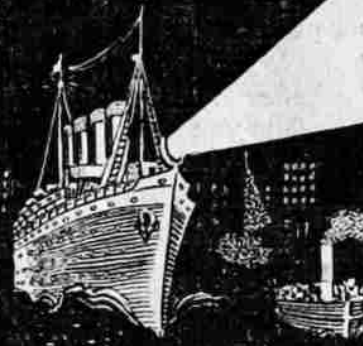

The production is the same one used at the New Amsterdam. The orchestra is under the direction of Joseph Sainston, and the large and handsome chorus has been picked, not only for their voices, but their fitness to wear the tights and jerkins of Robin Hood's merry men.

This engagement bids fair to be the musical and social event of the season, and patrons should secure their seats well in advance, as they may never again have an opportunity to hear this comic opera rendered by grand opera singers.—(Advertisement.)

## THE WORLD'S MARKET NEWS

The market closed heavy. Speculative buying forced prices higher temporarily today but the market relinquished its gain later and last figures showed declines among the favorite stocks. Some of the low-priced railroad and industrial shares were taken freely, touching the best figures of a long time. The coalers and eastern trunk line issues were again foremost in the advance. The decline was hastened by a break in the Rumely issues, the preferred losing 4 1/2. Bonds were irregular.

## CHICAGO GRAIN

Chicago, March 21.—Wheat today showed a tendency to ease off in sympathy with bearish cables. Optimism in regard to the domestic winter crop had considerable to do also with the action of the market. Promise of a decrease in the visible supply, however aided in steadying prices. Opening figures were a shade to 1-4c lower. Subsequently there was some reaction. Business in corn proved greatly re-

duced in volume compared with that of the two previous days. The lack of any urgent cash demand here was discouraging to the bulls. Prices started a sixteenth to 3-8 down, and suffered an additional sag before beginning to rally.

Oats descended with corn. Not a great deal of selling pressure was evident.

Larger receipts of hogs than expected made provisions weak. First sales varied from 2 1/2 to 7 1/2c lower, and a further drop quickly ensued.

Incentives were lacking for any important return in wheat. The close was steady at a shade to 1-4c 3-8c net decline.

Afterward, cheaper corn offerings from Argentine exerted a depressing influence. The close was steady 3-8 to 3-8@1-4c under last night.
